

GITARATTAN JINDAL PUBLIC SCHOOL

SECTOR-VII, ROHINI, DELHI-110085

CLASSES - I TO V

Date: 1st November, 2018

Circular No: GRJPS/2018-19/021

Dear Parent

Greetings!

Gitarattan always aims at developing a holistic child. To develop the child's mental and logical abilities, we would be conducting the 'General Ability Test' for class I-V. The goal of 'GAT' (General Ability Test) is to assess potential candidates in terms of their overall intellectual potential and build a profile of their individual strengths and weakness. This test attempts to measure the student's ability to solve and analyze problems, understand and adapt to new situations or challenges. It would usually produce an IQ Score.

We expect from you to encourage your ward (s) to participate in the same regularly. The classification of the GAT (General Ability Test) is as follows:

Topics would be covered in GAT from:

- General Knowledge
- Current Affairs
- Number Series
- Emotional Intelligence
- Logical Series
- Riddles
- Number, Puzzle
- Social Intelligence
- Mirror Image
- Aptitude
- Numbers
- Clock
- Odd Man
- Verbal Classification, Logical Reasoning
- Coding and Decoding

The dates of GAT will be given to you every month through SMS and child's Almanac. The first test for the same will be held on 30/11/2018 during the school hours. Winners would be awarded prizes.

- This would be a regular test to be conducted on alternative month.

With Warm Regards,

HEAD OF THE SCHOOL
